Wheeler Municipal Water Utility  
P.O. Box 16

2002 Analytical Review DWCCA-6475-ELE

Dear Ms. Goodell:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2002 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. We have no questions only the following comment:

On Page W-16, 148 services are reported in use (end of year less not in use). However, on Page W-17, only 136 meters are reported in use (end of year less in stock column). In 2003, please reconcile services to meters or otherwise explain in a footnote to the 2003 report why there are significantly more services in use than meters in use.

In addition, you may receive additional inquiries from our office regarding your annual report during a rate case, construction authorization, or other Commission reviews.

Thank you for your efforts in preparing your 2002 annual report. We are closing the review of your 2002 annual report. . If you have any questions, please feel free to contact me at (608) 266-3768 or by e-mail at [elaine.engelke@psc.state.wi.us](mailto:elaine.engelke@psc.state.wi.us).

Sincerely,

Elaine Engelke
